

Key Scientific Products**PRODUCT SAFETY DATA SHEET**

1. a. Product Name:	CANDIDA SCREEN
b. Product Code:	K9141B
c. Product Formulation:	Each paper disc contains less than 5 mg of n-acetyl- β -d galactosaminide, and proline naphthylamide.
2. Hazard Identification: Phrases:	Phrases apply to rehydrated disc only. Risk-40, 45 Safety 22-36
3. Transport Information:	None required.
4. Regulatory Information:	
5. Physical & Chemical Properties: a. Physical Description:	White disc. Chemicals are soluble in water.
b. Chemical Properties:	CAS 36476-29-6, CAS 97216-16-5
6. Fire Fighting Measures:	Use water spray, CO ₂ , foam or dry powder as the extinguisher medium. Non-flammable, non-combustible.
7. Health Hazards:	This product is for laboratory use only and should not be taken internally. Physical symptoms should not occur.
8. Stability & Reactivity:	Essentially stable and non-reactive
9. First Aid: a. Eyes	If dissolved solution is splashed into eyes, rinse immediately with water for 10 to 15 minutes with eyelids open. Seek medical advice.
b. Ingestion	Wash out mouth with water. Seek medical advice.
c. Skin Contact:	Wash skin with soap and water. No reaction anticipated.
d. Inhalation:	No vapors produced or hazard anticipated.
10. Accidental Release/ Spillage Measures:	Inoculated products should be treated with standard laboratory safety measures for biological hazard.
11. Disposal:	Empty container may be discarded as normal waste
12. Exposure Control and Personal Protection:	Treat as normal contaminated waste if inoculated. No other precautions required.
13. Ecological Information:	None implemented.
14. Storage & Handling:	Store at 2 to 8 C.
15. Other Information:	Compiled with information from Sigma/Aldrich databases.
Revision Date:	7/18/2017
